

# How to Setup a New or Wiped iPad

After an iPad is wiped, you will see this screen. Press the **home button** to continue.

PXL\_20210317\_164248762.jpg

On the next page, select your **language**.

PXL\_20210317\_165250813.jpg

Then, select your **country or region**.

PXL\_20210317\_165254355.jpg

If you see this screen, select "**Set Up Manually**".

PXL\_20210317\_165257765.jpg

On the next page, select your **wireless network**.

If you are in one of the school buildings, select "**NPS-Guest**" and the password protected Wi-Fi profile will download automatically. If you are at home, connect to your home Wi-Fi network and enter your home Wi-Fi password (if you have one).

PXL\_20210317\_165307886.jpg

Finally, you will see "**Remote Management**" on your screen. Press **next** in the upper right hand corner to finish setup.

Apps and settings will show up on your home screen shortly.
