

How to Print From PaperCut Mobility Print

If you are logged in on a Chromebook with your district account, hit print and select NPS-Konica as your destination.

Visit this page in Google Chrome and click "add to chrome".

After the extension is installed, if you hit print and do not see "NPS-KONICA" as a destination, click "see more" and you should see it in the extended list.

Then choose the following:

If asked, please enter your network login. Username (not email address) and password (same as your email password)

You will need to go to a Konica copier and enter your code, or use your fob, to release your jobs.
